

Hi parents!

The Geography Academy is delighted to invite you for our upcoming **O Level Preparatory Programme** in June, and we would love to offer you a slot! Please find attached the lesson dates and schedule for your consideration. We hope this brochure will provide all the information you need.

Do let us know should you have any other questions.
Thank you and have a nice day ahead!

Learning Outcomes

After the sessions, students should:

- Have a clear understanding on key geographical concepts as well as the content in the respective clusters and topics
- Be able to identify question types and their optimal answer structures
- Be able to provide evidence-based responses from sources
- Be able to write clear, logical, and concise responses that answer the question
- Be able to evaluate strategies critically
- Be able to think flexibly and across the discipline

Pricing

	<u>2.30-4PM</u> <i>Advanced Essay Skills</i> Cluster 4: Tectonics	Teacher Afeef

Frequently Asked Questions

Q: Where will the lessons be held?

A: All of our lessons are held online over Google Meets!

Q: Where do you get your materials?

A: Our practice questions are set by our team of in-house curriculum specialists, carefully aligned with the MOE syllabus and marked rigorously

Q: What is your track record?

A: Our tutors have decades of cumulative experience, and we have taught over 150 students since 2022. Our students have experienced 3.5 grade jumps on average, up to 8 grade jumps, with an 83% A rate. The final grade would depend on where the student is starting from, as well as their own motivation and discipline. You can read more on our website: <https://www.thegeogacademy.com/our-team>

Q: I'm not sure which programme to choose!

A: First, ask your child which clusters they are doing in school! We recommend opting for the Lecture Recordings and Live Sessions first as they are broad and all-inclusive, covering a range of question types and key answering techniques. Then, if your child requires further assistance, feel free to ask our expert tutors on their insight on their areas of improvement! We can review and recommend the relevant Skills Workshops if needed :)

Q: What if my child can't attend the Live Sessions?

A: Not to worry! We will be offering two runs of our Live Session programmes – the lessons will be repeated in Weeks 1 & 3 of the June Holidays. If there are scheduling conflicts, feel free to opt for any session as long as they are of different clusters!

Q: I want to sign up for the Skills Workshop, but the timing doesn't suit my child, or it's sold out!

A: Drop us a message with your child's preferred timings and we'll place you on a waitlist! We will try to open another slot and let you know as soon as possible.

Q: When and how will I receive the Lecture Recording?

A: Upon successful payment and confirmation of your purchase of the lecture recordings, we will be sending you the watchable Linkly links with the relevant passwords to you and/or your child through WhatsApp! Kindly note that these links will expire at the end of the month and are not downloadable or shareable due to privacy and IP reasons, so we recommend bookmarking them somewhere if you wish to save them to watch again at another time!

Q: What should I do if my child requires additional help in their preparation for the O Levels?

A: For a limited time only, The Geography Academy is offering adhoc consultations to meet your child's needs and better support them in their revision at a discounted rate of \$60/h (U.P: \$80/h). If you are interested, you can [fill up the form here](#), or drop us a message on [WhatsApp \(8505 0107\)](#) with your available timings and we'll pair you up with a suitable tutor!

Q: I want Teacher X as my tutor for the individual consultation!

A: We will do our best to pair students with their preferred tutors, but kindly note that we are unable to guarantee which tutor will be assigned to them due to limited availability.

Q: Are your classes suitable for Elective Geography students?

A: Yes! We aim to offer flexibility for our elective students. Hence, each lesson focuses on a different topic. As such, please pick the relevant Geography clusters that your child is covering in school.

Q: Will you be covering Social Studies for Elective Geography students?

A: Unfortunately the 2026 O Level June Holidays Camp will only be covering Geography.

Don't see your question? [Reach out to us.](#)

Thank you for reading and we hope to see you soon!
